PROFESSIONAL SUMMARY

Detail-oriented Information Technology student specializing in Web and Mobile Application Development, with hands-on experience in building full-stack web and mobile applications. Proficient in React, JavaScript, Node.js, Java, and database technologies such as Firebase and Supabase. Seeking an internship to contribute technical skills, collaborate with development teams, and gain practical industry experience.

PROJECTS

ALAB READY — Gamified Learning System
Capstone Project

- Developed a full-stack disaster preparedness learning platform for Bulacan State University NSTP students using React, Node.js, Express.js, and Supabase for authentication and database management.
- Implemented role-based access for students, teachers, and administrators, featuring class management, interactive disaster preparedness modules, pre- and post-assessments, mini-games, XP rewards, badges, and controlled lesson progression.
- Built student progress tracking, assessment analytics, response accuracy reports, attempt history, and Excel export functionality to support performance monitoring and learning evaluation; deployed the application using Vercel.

Wordbud — Mobile Vocabulary Learning App
Course Project

- Developed an Android-based vocabulary learning application using Java and Android Studio, integrating Firebase for authentication and data storage.
- Implemented interactive flashcards, quizzes, progress tracking, and achievement badges to encourage learning and recognize user progress.
- Designed an intuitive user interface and integrated backend services to provide an engaging and interactive mobile learning experience.

SKILLS

Programming & Web Development: HTML, CSS, JavaScript, Java, Python, C#, PHP
Tools & Technologies: Git, GitHub, Visual Studio Code, Android Studio, Vercel, Capacitor
Frameworks & Libraries: React, Node.js, Express.js, Django
Databases & Backend Services: Firebase, Supabase, MySQL
Development Skills: Frontend Development, Backend Web Development, Android App Development, Database Integration, API Integration, Responsive UI Design

EDUCATION

Bulacan State University — BSIT, *Web and Mobile Application Development (WMAD)*
